

- **Back Title** – Allows the user to perform a search of the Starter Repository in TitlePoint.
- **TitleWave** – This integration allows the user to order, track and receive title search products from the TitleWave application.
- **Patriot Search** – This application allows a search of the Office of Foreign Asset Control (OFAC) database.
- **Rate Quote** – Navigates the user to the FNF National Rate Calculator (ratecalculator.fnf.com).
- **High Liability Approvals** – This application allows for online requests for transactions an agent wants to insure above their contractual limit.
- **letterTRAX (Letters)** – The letterTRAX application provides functionality to allow agents to generate Closing Protection letters, Agent Authorization letters (NY) and Letters of Good Standing.
- **jacketTRAX (Jackets)** – The jacketTRAX application provides functionality to allow agents to generate policy and commitment jackets.
- **Policy Upload (Upload Policy Document)** – Provides the ability to submit a copy of the final title policy and issued endorsements.
- **FinCen** – The FinCen application provides the ability to submit your completed filings for transactions that require reporting to the Financial Crimes Division.
- **Claims Request for File (Notice of Claims)** – This application allows internal FNF Claims personnel to send a Notice of Claim or Request for file copies to internal FNF Personnel or directly to our agents.
- **E-Pay** – The E-Pay application allows for payment of agent remittance using three methods: a) ACH b) Wire or c) Pay by Check.
- **Helpful Links** – Provides links to non FNF websites that are useful to the agent users.
- **Manage Account (Apply Credits)** – Allows for unallocated payments or file credits to be properly applied to files.
- **Payment History** - Provides our users with a complete history of payments made via the E-Pay application and allocations made via Manage account.
- **Policy Corrections** – This application available on the website allows for online submission and processing of policy corrections.
- **Policy Upload (Upload Policy Document)** – Provides the ability to submit a copy of the final title policy and issued endorsements.
- **reportTRAX (Reports)** – Allows agents to run reports should they desire metrics or details on the transactions they are writing for any of our brands.
- **Statements** – This application allows for users to drill down into the details of a file balance, view/open in pdf or excel or initiate a policy correction.
- **EscrowTRAX (Reconciliations)** – This application allows you to submit for monthly reconciliations online for review.
- **TitlePay Plus** – This integration allows users to view their A/R balance for search invoices and add those invoices to the cart to pay via the TPP application.
- **Agent OnBoarding** – FNF’s electronic solution for streamlining the new agent application process.
